Re: Licari Subdivision - SEQR
Tax Map #135689-6157-01-458871
Town of Wappinger

Dear Ms. Ogunti:

The following is in response to your submission to this office consisting of SEQR information for the above project.

1. This Department has no objection to the Town Planning Board serving as the lead agent for SEQR.
2. A survey map must be submitted to this Department by a New York State licensed surveyor for review prior to receiving our "permission to file" stamp and signature on the map. Any water supply or sewage disposal system proposed on lot 1 after subdivision will require approval from this office. However, based on the information provided, this Department recommends that detailed plans and specifications be submitted to this Department by a New York State licensed professional for review of the onsite sewage treatment system and water supply on lot 1, a reserve onsite sewage treatment system area for lot 2 as well as the lot line re-alignment proposed simultaneously to confirm approval can be granted prior to subdivision. Reference is made to the Dutchess County Sanitary Code Article 19.

Should you find that we can be of assistance, please contact us at 486-3404.

Very truly yours,
