Dear Mr. Ciccone:

This is to acknowledge that this department hereby accepts that your above noted existing sewage disposal system is adequate to handle wastewater from buildings 1 and 2. Said acceptance is based on evaluation conducted by your engineer, William H. Povall, P.E. and is detailed in a report approved by this office on January 4, 2011.

Please use this letter as authorization to use the system. Be reminded that it is your responsibility to determine and comply with other possible requirements of other municipal codes, ordinances, rules or regulations, which may also apply.

Should you have questions regarding these procedures, or if I can be of assistance, please contact me at 486-3404.

Very truly yours,

A handwritten signature in black ink, reading "Peter J. Marlow".

Peter J. Marlow, P.E.
Senior Public Health Engineer
Environmental Health Services
