Wappingers Falls, NY

Re: Downey Propane Storage Facility

Dear Chairman Flower & Planning Board Members,

Attached please find our DEIS submission along with revised site plans reflecting our latest design for the Downey LP storage facility which is burying the storage tanks.

We would very much like to be placed on the next available Planning Board agenda to continue discussions with your board on this matter.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Alfred A. Cappelli, Jr.', with a stylized flourish at the end.
