Dear Ms. Ogunti:

The following is in response to your submission to this office consisting of SEQR information for the above project.

1. This Department has no objection to the Town Planning Board serving as the lead agent for SEQR.
2. If the proposed use requires installation or modification of any onsite water or sewer mains (or structures such as manholes, pump stations, fire hydrants, etc.) that do not qualify as simple service connections, approval from this office is required for those improvements. Reference is made to the Dutchess County Sanitary Code, Article 19.

Should you find that we can be of assistance, please contact us at 486-3404.

Very truly yours,
