Re: Wappinger Drinking Water Source Protection Program (DWSP2)

Dear Supervisor Richard Thurston

Congratulations! The New York State Department of Environmental Conservation (DEC) and Department of Health (DOH) have reviewed the Wappinger Drinking Water Source Protection Program plan completed January 2023, with technical assistance from LaBella and accept the plan, effective February 10, 2023.

The plan was reviewed and accepted for its technical merits and for its completeness with respect to the *Framework for Creating a Drinking Water Source Protection Program Plan*. We encourage communities to actively use, maintain and where possible, improve upon this plan as part of their ongoing source water protection vigilance.

If your community has any questions about the Drinking Water Source Protection Program, you can contact us at: source.water@dec.ny.gov. DEC and DOH distributes a monthly DWSP2 e-newsletter that provides readers with current program information, new resources available, potential funding sources and more. You can sign up by visiting [DEC Delivers](#).
