Dear Ms. Ogunti:

The following is in response to your submission to this office consisting of SEQR information for the above project.

1. This Department has no objection to the Town Planning Board serving as the lead agent for SEQR.
2. If this proposed change of use results in the facility meeting the definition of a public water supply, detailed plans and specifications must be submitted to this Department by a New York State licensed professional for review of the water supply and treatment facilities. Reference is made to the Dutchess County Sanitary Code Article 5.

Should you find that we can be of assistance, please contact us at (845) 486-3404.

Very truly yours,
