Dear Mr. Kolb,

Tectonic Engineering has inspected Verizon Wireless telecommunications facility at the above referenced location. Tectonic Engineering & Surveying Consultants, P.C. has inspected the facility per Tectonic's plans dated 12/4/2007 and all applicable state and local codes by our staff under the supervision of a Professional Engineer.

Tectonic has found that the site has been built with minor deviations and found to be in general accordance with the applicable plans, specifications and codes. Therefore, Tectonic Engineering & Surveying Consultants, P.C. respectfully requests a Certificate of Occupancy be issued.

Sincerely,  
TECTONIC ENGINEERING CONSULTANTS & SURVEYORS, P.C.

Richard M. Coad, P.E.  
Senior Project Manager
