Town of Wappinger

Dear Ms. Ogunti:

The following is in response to your submission to this office consisting of SEQR information for the above project.

1. This Department has no objection to the Town Planning Board serving as the lead agent for SEQR.
2. If this project is proposing outside sewer or water infrastructure that are not simple service connections (i.e. manholes or grease traps), if any water/sewer main extensions area proposed, or if any backflow prevention devices are proposed, a submission must be made to this office by a New York State licensed design professional for review and possible approval of these improvements. Reference is made to the Dutchess County Sanitary Code, Articles 5 & 19.

Should you find that we can be of assistance, please contact us at (845) 486-3458.

Very truly yours,
